

Hello there my dear!  
     Well goodness
me, haven't you been extra
brave? Having a tooth taken
out isn't always easy, but
you handled it so well—I'm
ever so proud of you and
I just had to flutter by
to say congratulations!                   

 This special tooth will be
a wonderful addition to my
collection, and I promise to
take the greatest care of it.

  Remember to keep looking
after that beautiful smile. Sleep
well and dream of sparkling
stardust and fairy wings!  

 With lots of love,
