Merry Christmas young human!

I'm writing  
 this from my stable, next to Santa's  
 magical house. The reindeer and I  
 are raring to go, we've had carrot  
 casserole for supper and we're dressed  
 in our jingle bell best.

I expect we'll have set out by the  
 time you read this, but I will ask one  
 of the fairies to magic this letter  
 into your Christmas Eve box, to say  
 how much we're looking forward to  
 delivering your gifts... and to remind you  
 to go to bed on time.

Well, One last polish of my red  
 nose and I'll be off. I'm leading the  
 sleigh, so it has to shine bright.  
 Looks like it could get pretty  
 foggy before we get to your  
 house!

Love,
